

Resolution to adopt the Stormwater Drainage Manual for the construction, maintenance, protection and use of drainage facilities in Franklin County (Drainage Engineer)

WHEREAS, Franklin County desires to prevent flooding, stream bank erosion and water quality degradation that may result from unmanaged stormwater runoff from development and redevelopment projects; and

WHEREAS, prevention of these types of drainage problems require well-conceived, cooperative stormwater drainage and flood control programs; and

WHEREAS, the Board of County Commissioners is authorized under the provisions of Chapter 6117 of the Ohio Revised Code to adopt, publish, administer, and enforce rules for the construction, maintenance, protection, and use of drainage facilities and prevention or replacement facilities; and

WHEREAS, the Franklin County Drainage Engineer has submitted a collection of rules and guidelines to meet these goals in the proposed Stormwater Drainage Manual; and

WHEREAS, this manual will also serve the unincorporated area of Franklin County as a technical guidance document in support of subdivision regulations and zoning regulations;

BE IT RESOLVED, BY THE BOARD OF COUNTY COMMISSIONERS OF FRANKLIN COUNTY, OHIO:

The Board of Commissioners hereby adopts the proposed Stormwater Drainage Manual as an authoritative resource of stormwater management rules and guidelines for the unincorporated area of Franklin County, Ohio.
